

Study Japanese in Japan! Summer I, 2010

Japan is a land of vast cultural diversity, with its modern cities, sparsely populated fishing islands, Buddhist mountain sanctuaries, feudal castles and cultural arts. Join us for a 14-day tour of Japan as you learn the language, grammar, and writing, while experiencing the food and culture. You'll travel to some of Japan's largest and most important cities: Tokyo, Kyoto, and Osaka, and visit the Umeda Osaka Castle, the Kiyomizu Temple, and ride a bullet train.

Kawabe-senei will lead this travel tour of Elementary Japanese I (JAPN 1411). Cost is approximately \$4200 which includes airfare, lodging, some meals, local transportation, admission fees, and tuition.

Passports are required! You cannot participate without one. Apply now!
